## BRING ON THE FAMILY ADVENTURE

What do kids and young teens want? It's no secret that they like to spend time with their family and friends, experience adventure and have fun! And they want these things NOW! Participate as a family and have Beavers, Cubs, and Scouts meet these important needs through our imaginative, progressive and relevant programs for boys and girls age 5 years and up.

## OUTDOOR ADVENTURE: It's the Scouting way

The whole family can participate in the most dynamic outdoor youth programs in Canada. Through hikes, camps, land and water activities, our programs instill a thirst for outdoor adventure among young people and you can be a part of it with your son or daughter. Our programs also develop self-confidence, teamwork, leadership skills, an appreciation for the environment, their community and the world. We do all of this for adults too. So why not get involved with your kids and make it a Family Adventure.

## FAMILY FUN

Scouting needs dedicated volunteers to help provide fun and exciting adventures to our youth. Worried that you may not have the skills? Scouts Canada provides all the training and resources you need to help provide the adventure of a lifetime for the whole family! It can't happen without you. Get involved with your family or as an individual.....but get involved!
